Adverting to Government Order No L 2897-84 L 39-42-3 dated 10th September 1942 sanctioning the appointment of a clerk on a pay of Rs 50/- per mensem for the clearance of the arrears in respect of the accounts relating to the Provident Fund Scheme, I have the honor to state that the clerk joined duty in the Bureau of Sanitary Engineering on 15th November 1942, and is reported by the Sanitary Engineer to have completed the posting of individual ledger accounts for a period of 9 years from 1932-33 to 1940-41

The Sanitary Engineer reports in his letter No 1417 dated 24th April 1943 that the following works are yet to be completed

1 Posting of the ledgers from 1941-42 up-to-date

2 Apportionment of the interest advised by Comptroller upto 1937-38 to individual accounts The amount advised to end of 1937-38 was on verification found to be inaccurate and requires rectification, the calculation having been made on the total balances at the end of the year instead of on month-to-month balances of individual ledger accounts

3 Submission of statements of interest calculation for the periods from 1938-39 onwards to-date

4 Issue of individual pass books showing amounts to their credit

The Sanitary Engineer states that it will take 6 or 7 months to complete the work and requests for the extension of the term already sanctioned, by another 6 months from 15-5-1943

I therefore request you to be so good as to obtain and convey sanction of Government to the continuance of the services of the Clerk for clearing the arrears in respect of the Provident Fund Accounts by another six months from 15th May 1943, the cost involved being met out of the Water Supply Grants

A copy of Sanitary Engineer's letter in the matter is enclosed for the information of Government
